

# TRADEDORY

International Business Development

# What we do ?

## Our Main Verticals - from Needs to Solutions

# How we do it ?

## Value Proposition

### Trust & Loyalty Business Partners

Empathy

Long term b. relations

Personalization

Growing together

### Solutions Oriented

Solving clients challengers

Presenting alternatives in  
supply chain

Out of the box solutions

### Future Technology Oriented

Innovation & agility

Implementation of **new technologies** based on  
AI, ML, IoT , Industry 4.0 etc.

Next New Normal Reality

### Eco friendly

Green solutions

Energy efficiency

Cost-effective

We are all 1

# Why we are different ?

## Integration of Values within Verticals

### Agribusiness

Green / Bio Solutions. Ag-Tech. Tailor-made Solutions & Development of sys using AI & ML technologies. Client needs oriented.

### Food & Commodities

Disruption in supply chain / alternative suppliers worldwide. Support with local partners in more than 20 countries.

### Industry & Technologies

Improving manufacturing process. Steps for Industry 4.0, integration of IoT solutions. Export-Import.

### Water Treatment

New Technologies & Solutions. Low OPEX . Evaporation blockers. Yearly support for worldwide projects.

### Health Care

Next New Normal Solutions & Telehealth. Age-Tech. Supply chain. Startups. AI.

### Homeland Security

Development of C2 and other Sys based on AI, ML, Blockchain – Tailor-Made for client needs.
